## REPORT TO THE JUDICIAL COUNCIL

*Item No. 23-120*

For business meeting on July 21, 2023

---

**Title**

Trial Court Budget: Fiscal Year 2023–24  
Allocation of Community Assistance,  
Recovery, and Empowerment (CARE) Act  
Funding

**Agenda Item Type**

Action Required

**Effective Date**

July 1, 2023

**Rules, Forms, Standards, or Statutes Affected**

None

**Date of Report**

June 7, 2023

**Recommended by**

Trial Court Budget Advisory Committee  
Hon. Jonathan B. Conklin, Chair

**Contact**

Don Will, 415-865-7557  
[don.will@jud.ca.gov](mailto:don.will@jud.ca.gov)

---

### Executive Summary

The Trial Court Budget Advisory Committee (TCBAC) recommends allocation to courts of the \$20 million for fiscal year 2023–24 included in the 2023 Budget Act for implementation of the Community Assistance, Recovery, and Empowerment (CARE) Act. The allocation may change based on final appropriations included in the signed Budget Act of 2023 (Sen. Bill 101; Stats. 2023, ch. 12). The TCBAC presented this recommendation to the Judicial Branch Budget Committee on May 17, 2023, and the Budget Committee approved it for consideration by the Judicial Council.

### Recommendation

The Trial Court Budget Advisory Committee recommends that the Judicial Council, effective July 1, 2023:

1. Approve, for Cohort One courts implementing the CARE Act, an allocation that employs the Workload Formula with a base of 25 CARE Act cases, calculated at \$93,225, for fiscal year (FY) 2023–24;

2. Approve, for Cohort One courts implementing the CARE Act, an allocation that employs the Workload Formula with a base of \$98,000, prorated to the amount that Cohort One courts are estimated to receive in FY 2024–25 when all courts are implementing the CARE Act;
3. Approve, for Cohort Two courts, an allocation that employs the Workload Formula with a base of \$98,000, prorated to the amount that remains after the allocation described in Recommendation 2 and after reduction by 0.5 percent to hold as a reserve for Cohort One courts that require additional program funding, with any unspent funding from the court allocations and this reserve redistributed through the reallocation process via the approved methodology; and
4. Direct Judicial Council staff to survey Cohort One courts by February 2024 and bring a reallocation proposal to the TCBAC for March 2024 Judicial Council action.

The proposed allocations are itemized in the tables of Attachment A.

### **Relevant Previous Council Action**

On January 20, 2023, the Judicial Council approved an allocation methodology to distribute \$2.8 million in planning funds to the seven courts making up the first cohort of courts implementing the CARE Act in FY 2022–23.<sup>1</sup> The council also directed the Trial Court Budget Advisory Committee to develop an allocation methodology for CARE Act funding to the courts in FY 2023–24 and subsequent years.

### **Analysis/Rationale**

The Budget Act of 2023 includes a total of \$20 million to fund court operations related to the CARE Act in 2023–24 (Attachment A). This funding consists of \$8.7 million to support hearing-related costs for Cohort One courts that will hear CARE Act cases in 2023–24 (the Superior Courts of Glenn, Orange, Riverside, San Diego, San Francisco, Stanislaus, and Tuolumne Counties), and \$11.3 million to support other court staff and operations for all courts. Attachment A includes the detail on how the hearing-related and other court operations costs were estimated.

The TCBAC discussed methodology options for three allocations of the 2023–24 funds to courts:

1. All hearing-related funds allocated to Cohort One courts;
2. Other court staff and operations funds allocated to Cohort One courts; and
3. Other court staff and operations funds allocated to Cohort Two courts for planning.

---

<sup>1</sup> Subsequent references to year spans are to fiscal years. Judicial Council of Cal., Advisory Com. Rep., *Trial Court Budget: Community Assistance, Recovery, and Empowerment (CARE) Act Allocation Methodology* (Nov. 29, 2022), <https://jcc.legistar.com/View.ashx?M=F&ID=11534097&GUID=9FC7F7C5-8C5F-4D79-970C-FC1A78752C5A>.

**Option 1: Allocate \$8.7 million for hearing-related funds to the courts in Cohort One**

Table 1 compares the four allocation methodologies discussed for Option 1. In the recommended methodology, Workload Formula with a base funding amount, the base selected is 25 CARE Act cases at an estimated cost of \$93,225.

**Option 2: Allocate an additional approximate amount of \$3.6 million in other court operations funds to the courts in Cohort One**

In the CARE Act budget change proposal (Link A), the Department of Finance has proposed that other court operations funds be estimated at a statewide amount of \$21.2 million, which could fund approximately 116 full-time equivalent (FTE) positions in the courts. This annual amount is phased in over three fiscal years: \$11.3 million in 2023–24; \$17.2 million in 2024–25; and \$21.2 million in 2025–26.

The \$11.3 million allocated in 2023–24 is for two purposes. The first is to fund the operations other than hearing-related costs of the Cohort One courts that will be hearing cases in the fiscal year. The second is to fund planning activities of the Cohort Two courts that will begin hearing cases in 2024–25.

In Table 2, staff estimated what the range of methodologies would be to allocate to all courts when the operations funds, totaling \$17.2 million for 2024–25, are available. Allocating this amount for operations to the Cohort One courts only would ensure that their allocation does not drop when Cohort Two begins operations in 2024–25. Table 3a shows the Cohort One courts with this “full” operations amount allocated.

Because the council approved the recommendation of a \$98,000 floor in allocating the operations funds to ensure that small courts have sufficient resources, this floor was retained in Table 2 and following.

**Option 3: Allocate an additional approximate amount of \$7.6 million in other court operations funds to the courts in Cohort Two**

This allocation is presented in Table 3b. The available funds distributed by the four different methodologies were arrived at by netting out the amount distributed to the Cohort One courts in Option 2.

**Superior Court of Los Angeles County.** The 2023–24 Governor’s May Revision included additional funding for Los Angeles County to implement the CARE Act in FY 2023–24. A request to allocate that funding will be brought to the council in a later report.

**Reallocation.** Judicial Council staff are currently engaged with the leadership of Cohort One courts that are planning implementation while executive branch and county leadership also plan CARE Act implementation. The number of CARE Act petitions and cases and the cost to the courts of the associated workload are uncertain. The TCBAC recommends that Judicial Council staff survey Cohort One courts if case numbers and costs from January to February 2024 change

and bring to the TCBCAC a proposal for reallocating unspent funds for March 2024 Judicial Council action.

### **Policy implications**

There are no policy implications to consider for the recommended allocation.

### **Comments**

Circulation for public comment was not required for this report.

### **Alternatives considered**

The committee considered four allocation methodologies for each of the three allocations recommended in this report:

1. Allocation by county population;
2. Allocation by total filings;
3. Allocation by the FY 2022–23 Workload Formula data; and
4. Allocation by the FY 2022–23 Workload Formula, with a floor to ensure that small courts have sufficient resources to plan implementation.

Detail on the impact of each allocation methodology is included in Attachment A.

### **Fiscal and Operational Impacts**

This recommendation is for the allocation of funds that are included in the FY 2023–24 budget. No additional costs or impacts are anticipated.
