Questions and Answers

As of April 27, 2011

Q: (From an existing contractor) are we going to be able to continue the contracts for administrative support and should that be in the proposal?

A: Please submit your proposal in conformance to the guidelines as set forth in the RFP, including any additional personnel costs. Currently, the contract for administrative support is separate from the contract with the attorney. The structure of these contracts may be discussed during the negotiation phase.
